

# LEMON RUSH

High Pressure Detergent

## DESCRIPTION

Think presoak meets foaming detergent and what you get is Lemon Rush! Designed to bring all the cleaning benefits of an alkaline presoak, this product does a great job of removing grimy road film, splattered bugs and greasy debris. Its pleasant lemon fragrance will put customers over the top!

## USAGE INSTRUCTIONS

This product is designed solely for use (commonly referred to as wash soap) in self-serve applications. It can be diluted 2 different ways. First it can be pre-diluted and then diluted further into high pressure for final dilution of 200-250:1 (2 drops). Or it can be fully diluted and then pulled directly by the high pressure pump. For tougher soils run at 100-150:1 (3-4 drops).

## FEATURES

- Excellent show
- Alkaline cleaning power
- Effective on bugs and heavy road film
- APE and phosphate free
